We are on the same page.  
Our standards of quality are the same.  
You cannot be more disappointed than I am.  
Be tough.

Giorgio,

I did already read these. Quite honestly, i found them disappointing. I need to talk to you before tomorrow, just to make sure we are on the same page...

Marcello:

Please kindly take the time to review the dissertation proposal document, as well as the written exam question and answer in advance of tomorrow's exam.

There will not be a presentation.

This student has been a challenge, especially this semester. I have only seen her twice between September and now. Not for lack of trying, or availability, on my part. I have two other students going through candidacy this semester and I have met with them more than once a week for the entire semester.

I would like this exam to be a real exam. The outcome will be whatever it needs to be.

Thank you.

Giorgio
